WORK EXPERIENCE:

NEVRIO TECHNOLOGY SERVICES PVT. LTD. — Zirakpur, Punjab

Senior Software Developer | 26 October, 2022 – Present

NDR Management App

- Full stack development of an internal dashboard to monitor Shopify NDR (Non-Delivery Reports) via webhook integration, including AWS setup and RDS deployment for data storage and management.
- Built backend in Node.js and MySQL with real-time tracking and role-based access for internal teams.

Smartlead.ai Email Authentication Tools Development (<https://www.smartlead.ai/tools>)

- Designed and developed free email authentication tools (DKIM, SPF, DMARC verification), improving seo and customer engagement by 25%.
- Streamlined email security processes, reducing spoofing and phishing risks, and collaborated with a remote team to cut turnaround time by 15%.

Email Deliverability Tool Development (SaSS App)

- Developed SmartDelivery, an email deliverability testing tool, boosting inbox placement by 40% and contributing to 20% revenue growth.
- Enabled manual and automated testing across mailbox providers (e.g., Gmail, Outlook) and delivered customizable analytics reports to optimize campaigns.

Unwaste

- Built a full-stack solution with an image-upload UI and an AI-powered backend switching from ChatGPT to Gemini for efficient recipe generation from leftover ingredients.
- Created country-specific prompt logic (Sweden) with native-language responses and reduced inference costs by batch-processing images into a single AI request.

Front End Projects

- **Rica** (www.riga-galeria.netlify.app) – Implemented the complete React.js frontend with Storyblok CMS and responsive Figma-based layouts for dynamic, seamless content delivery.
- **YNIQ** (www.yniq.se) – Developed and customized the Shopify website, modifying Liquid templates and creating reusable, responsive UI components aligned with Figma designs.
- **WestQuest** (westquestinc.com) – Built a fully SEO-optimized Next.js frontend, independently handling requirements, UI development, and deployment.

Proelio Technologies – IT Park, Chandigarh (Frontend Developer Intern, | Jul 2021 – Mar 2022)

- Built reusable React components with Redux & GraphQL for a healthcare app and improved mobile responsiveness by refactoring legacy code, boosting dev speed by 25%, engagement by 40%, mobile traffic by 20%, and performance by 35%.
