Bachelors of engineering in Information and technology

UIET, Panjab University

📍 Chandigarh

Class 12th non-medical science (CBSE)

PML S.D public school

📍 Chandigarh

PROJECTS

Portfolio

🔗 https://rajatsportfolio.netlify.app/

A personal portfolio website developed using React.js and custom CSS to showcase my skills, experience, and projects. Designed and built entirely by me to demonstrate my web development expertise and creativity.

Smartlead

🔗 https://www.smartlead.ai/tools

SmartLead is a cold email outreach platform that enhances email deliverability and automates marketing campaigns, offering features like unlimited mailboxes, email warmups, a unified inbox, and APIs for multi-channel outreach.

- Developed essential free tools (e.g., DKIM, SPF, DMARC verification) with Nuxt.js and Vue3, boosting customer engagement by **25%**.
- Led front-end development of an email deliverability tool, improving inbox placement and campaign success by **30%**.
- Ensured project alignment through proactive communication in a remote team, reducing turnaround time.
